President Kenneth Cromar, Mission Sunday School Superintendent and Phyllis Romans at the age of 7. President Cromar has always been a favorite of everyone but he and Phyllis were special friends. He always called her to the stand when he had a talk. Before Phyllis started to school she read to him from a child's story book. Thinking that she had memorized the book he brought forth his Instructor and asked her to read from it. And she did. He was always amazed at this ability of hers.

STATE FAIR TIME! Susan Romans is giving her demonstration at Lincoln, Nebraska at the State Fair. Ribbon a Blue!

Susan also styled a skirt and blouse and received a blue.

Susan Romans, daughter of Mr. and Mrs. C. O. Romans, is the winner in Skirt and Blouse division at the county fair.

Her blouse is a Bates cotton plaid in shades of blue, purple, yellow and white, with rounded neckline and long bell sleeves. The trim on lower edge of the blouse and sleeves is of the same blue cotton and dacron as the A-Line skirt.

Susan also had a winning demonstration at the county fair. Her demonstration was "Family Fun On A Budget". This will entitle her to a trip to the State Fair.

The Lihoma Girls and their leaders spent a day and night at the Arnold State Park on a Camp-out! Besides cooking over an open fire the girls hiked down Devils Den, the local Grand Canyon, and had fun singing and a special time around the camp fire getting to know each other better.

In the picture we see Cynthia Romans and Cinda Vallentine, our modern day pioneers with some of the bed rolls!

Sister Romans ended up sleeping in that blue car that you see in the picture. This car was the one we seemed to get mixed up with the Scott family a few times.

Kenneth Robert Glodo and his family a few days before their departure for Ely, Nevada. Brother Glodo is a Counselor in the Branch Presidency and his family has been important to our Branch. As a tribute to this fine family we held a picnic in the park with a short program in their honor. The song "There Ain't no Flies" was given with the following words:

"Oh, there ain't no flies on Bob, on Bob, on Bob. Oh, there ain't no flies on Bob. And here's the reason why.

Bob is the weather man in town, His family watches for his ups and downs! So there ain't no flies on Bob and that's the reason why!

Oh, there ain't no flies on Genny, on Genny, etc.

Genny is a hard working wife, Between Church and family she leads quite a life.

1966

Kenny being the oldest has responsibility, He's kind to brothers and sisters as you can plainly see.

Warren has imagination galore, He might be Daniel Boone or the naughty boy next door.

Phyllip is his mothers favorite Dutchman, He is stubborn as his father, yet we still love him.

Rosalinds our Miss America of '82, Her lair looks so sharp and a sweet smile too.

Kathryn we remember for her sparkling black eyes. They are just like her Mothers which comes as no surprise.

Oh, there ain't no flies on Glodo's, On Glodo's, on Glodo's. Oh, there ain't no flies on Glodo's and Here's the reason why.

Glodo's are one of the nicest families we know, and it sure is certain that we hate to see them go! So there ain't no flies on Glodo's and that's the reason why!

LUCKY THE BRANCH OR WARD THAT GETS THIS FAMILY! And how we wish it were North Platte!

CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

'Behold, I Give Unto You a Sign'

By DEAN G. KENTNER

The decree has went forth from the beginning of time that in the mouth of two or three witnesses shall every word be established.

There was a witness, on this the American Continent, who proclaimed to the people living here, (Who were called Lamanites and Nephites), that a Savior would be born unto the world. This proclamation predicted the events which would occur on this continent when the actual birth of the Savior took place. This witness said; Behold, I give unto you a sign;

for five years more cometh, and behold, then cometh the Son of God to redeem all those who shall believe on his name. And behold, this will I give unto you for a sign at the time of his coming; for behold, there shall be great lights in heaven, insomuch that in the night before he cometh there shall be no darkness, insomuch that it shall appear unto man as if it was day.

Therefore, there shall be one day and a night and a day, as if it were one day and there were no night; and this shall be unto you for a sign; for ye

shall know of the rising of the sun and also of its setting; therefore they shall know of a surety that there shall be two

days and a night; nevertheless the night shall not be darkened; and it shall be the night before he is born.

There were many other signs that this witness, whose name was Samuel, gave unto his people. They were recorded on the

Mothers Day: Brother and Sister Romans usually bring their lunch on Sunday and dine at the Church. This Mothers Day was no exception. Those present for the occasion were Sister Rose Queale, Sister Minnie Barnica, Brother and Sister McConnell of Hershey and their family, David, Mary Ann, Lane and Beama and Elder Roger Larson and Elder Joseph Leutze. We see him here with Elder

of the Church in North Platte.
And in his honor and because
of the love we have for him
we sang another version of the
song "There Ain't No Flies".

"Oh, there Ain't no flies on
Elder Leutze, on Elder Leutze,
on Elder Leutze. Oh, there
ain't no flies on Elder Leutze,
and here's the reason why!"

Tho' the day be gloomy and
'nary a glare. Comes Leutze
and his sun glasses, How we
stare.

We'd like to honor the guy who adds fun to life
He's got a joke and a smile for every man and his wife!

With hands in pockets and a whistle on his lips
Bouncing into church---and eventually he sits.

When giving a talk Elder Leutze is great
We wonder if he gets seasick, rocking at such a rate!

We have to commend him though he comes from Detroit
He's still understandable and in the gospel adroit.

He says he's a baker, and we'll have to agree
After eating at their apartment, with Elder Romney and he.

With full power Elder Larson and Leutze drive on the streets of N.P.
From the Church, down the alleys, and at last to Rosenbladts.

On the highway to Romans Elder Leutze flies low
While companions are glad that the gospel they know.

Success he will find as he goes on in life
Whether teaching the gospel or finding a wife.!

So, there ain't no flies on Elder Leutze!
And that's the reason why!

NORTH PLATTE: Branch Presents Nativity Scene

The North Platte (Nebraska) Branch of the Western States Mission has for the second year successfully presented to the community a live enactment of the Nativity. It featured live sheep, a donkey and a set separated into an area for shepherds, an inn, a stable, and a throne for King Herod. Lights were flashed on the branch chapel roof and angels appeared as though from the heavens.

Dean G. Kentner, branch president, said hundreds of persons from the North Platte area viewed 20 presentations of the Nativity scene during three nights before Christmas. The presentation has provided members with a great missionary tool, he said. Director was Jane Watson.

Jane Watson was the director for the Christmas pageant this year. She added some new things and it was a real success.

Two Searchers Lost, But Survive Long, Cold Night

By SHARRON HOLLEN

Two searchers for the lost Augustana College plane became lost themselves in the sandhills terrain north of Maxwell and wandered all night Saturday and part of Sunday through sometimes neck-high snow trying to find their way to shelter.

Scott McNeal, 19, a freshman at North Platte Junior College and Ken Adams, 33, 722 South Poplar, are reported in satisfactory condition in local hospitals today suffering from exposure, frostbite and exhaustion.

The snow vehicle the two had borrowed on Saturday morning broke down sometime late Saturday afternoon in an area north of Maxwell and the two started back looking for a farmhouse.

McNeal reported that at times they thought they were walking on level terrain when suddenly the snow would collapse under them and they would find themselves in snow up to their necks.

Although they were uncertain as to the time, McNeal and Adams thought they became separated sometime about 10:30 Saturday night.

Adams rested in a shelter they had constructed behind a snow drift with fence posts and sometime during the night McNeal reported he took shelter in a haystack.

At about 9 a.m. Sunday morning McNeal was found in a feed lot area about four miles north of the Harold Sukraw ranch. The Sukraw place is located six miles north and a mile west of Maxwell.

Temperatures Saturday night and Sunday ranged between 16 and 20 degrees and there was little wind during the night. The wind chill factor remained between 0 degrees and eight degrees below zero.

Sukraw reported he had not originally intended to drive to the feed area Sunday morning but something had prompted him to make the trip.

McNeal, who was brought to North Platte by the Lincoln County ambulance, reported that Adams was still out in the hills somewhere.

Joe McNeff and Howard

RECUPERATING — Scott McNeal, 18, rests in a hospital bed today after harrowing weekend experience.

Haythorn, both of Maxwell, began a search of the hills and located Adams at about noon wandering in a field about four miles north of the Haythorn ranch. The Haythorn ranch is located about two and a half miles east and a mile north of Maxwell.

The men estimated that Adams had walked between 15 and 18 miles during the night.

Adams commented that during the night he had come across a water tank and the "water sure felt warm."

"It was like the end of the world out there," McNeal said. "One hill looks just like another."

Heavy fog, blowing snow and sleet hampered visibility and after searchers had begun their work they were fearful the wind might erase any sign of tracks.

Both men were lightly dressed when they sat out Saturday. They were not a part of an organized search group.

Mr. and Mrs. Mearl McNeal, 2303 West A, parents of Scott, had just reported him missing on Sunday morning when a call came in from Sukraw over a citizen-band radio that he had found McNeal.

The elder McNeal reported he had known what Scott was going

means of two way communication.

to do and the general vicinity in which he was headed.

"When he didn't return that night we were worried but there was nothing that could be done until daylight," he said.

"This could have been a real tragedy," Hop Gilster, Lincoln County Sheriff said. "We've been afraid something like this might happen when people went out searching for that plane."

Gilster went on to add that the Sheriff's office does not sanction searches made by people who are unfamiliar with the countryside and highly recommended that search groups should be made up of parties of from six to eight, equipped with some

This was a real experience for Scott McNeal.

Now, on August 28 he will embark on another real experience. This time in the service of the Lord. He has received his call to the Central Atlantic Mission. Scott is excited and his family are thrilled with this calling. Scott's mother, Sister Mearle was baptized a member this year.

No. 1

On February 17, Elder Theodore Tuttle, First Pres. of the Seventies, General Authority from Salt Lake City, put into effect the organization of the new West Nebraska District. The combining of Grand Island, Kearney, Hastings and North Platte branches made up the new District. Bridgeport and Sidney were transferred to the Cheyenne Stake from our area.

Elder Tuttle challenged this area to make a growth on their own, by

1. Learning the Gospel. This he encouraged gaining by reading at least 15 minutes each day the standard work of your choosing.
2. Living the gospel.
3. Sharing it. He stressed that everyone was a missionary in his or her own way by just living the gospel and sharing it with others every chance that comes along.

In closing he gave a "blessing" to the District that if united and the love for one another was in abundance, that the "new" Nebraska District would grow.

Traveling with Elder Tuttle were two elder assistants, Brother and Sister Scott. President Dan Moss was sustained as the "new" BSA District President with Elders Thomas Goodman and Grant Jacobsen, as his new first and second counselors, respectively. Words of advice, encouragement, and enthusiasm were given by these brethren, during the meeting.

A musical number from Grand Island added to the spirit of the meeting.

All District Officers will be sustained on Sunday, Feb. 24 at the conference held at the North Platte chapel, Saturday and Sunday. Schedule included with Messenger this month.

A WEEK-END to remember was the week-end of the February 8-10 for a greater part of the Branch. This was when homes were filled with BYU students, who did so well with their performance, "Star Time." North Platte was given a small portion of what the Brigham Young University gives to its students attending there. With song, dance, and speech, BYU was very much successful, Saturday Night at their performance.

Sunday, the 8th, was a day for the Branch Members. The morning began with the BYU students hosting the priesthood and Relief Society members. Following this some of the troupe were called on to speak on behalf of education, campus policy, education in a man's future, as well as education in a gal's future. All were enjoyed by the branch, including Sis Janie Thompson, the leader of the group. (We could even call her mom for these kids.)

This same group of 45 Mormon kids held a speckal fireside in the evening, which proved very inspirational, to all who attended. Each of the cast stood upon their feet and bore their testimonies, including a non-member.

On behalf of the branch Pres. a thank you is given to members who helped to make this week-end such a success that it was, especially to those who arranged for their housing, thier coming through the Boy Scouts, those who donated pies for the luncheon served to the troupe, as well as many, probably unseen acts of kindness rendered.

For those who are wondering, Brother Duanes Chase, a member of the cast who only had about 5 of the leading numbers, and after the performance developed appendicitis, was able to see the last performance in Bismarck thanks to Dan Moss. He spent some time in Grove hospital, but is now recovered.

PRIMARY
OFFICERS
INSTALLED
AND
SUSTAINED

Since the first of the year, the Branch Primary has been changed, sustaining Sis. Bernice Kentner as president and Sisters Sharon Jared and Cathy Madsen as first and second councilors, respectively. All Primary workers remained the same, with an addition of Bro Mike Chambers as Guide Patrol Leader and Sister Linda Ratcliff as primary teacher.

We, of the Branch to give Sister Moss a vote of thanks for a job well done!!

Sister Kentner would like to remind everyone that the Primary Pennies are due now and would those who still have their envelope, please hand them in by March 1st? Up to date the Branch has collected \$45.00 toward this fund to be sent to the Primary Children's Hospital. Let us all support this worthy cause and get our envelopes to the Primary Workers.

JUNE
MIA
CONFERENCE
AHEAD

The MIA is happy to report that they have received the dates for June conference being June 27 - 29. A eight-couple group representing the branch will go to Denver sometime in the future to try and qualify for the June Conference Dance. This is the main reason for such extensive practice being stressed on the Dancing in MIA. It is hoped that all will attend the practised called in the future, so as to perfect the dance, well enough, to pass the Denver inspection and be able to go on to Salt Lake and dance there. This is the MIA's goal.

The gals costume kits are available now. The fellows are to wear dark suits and black shoes. We wish this group lots of luck.

There will be a dance practice during conference this week-end. For time, check with Bro Lile or Sister Combs. Other Branches will be there also, dancing the same dance. (Dance Practice will be held Saturday afternoon at 2:00 P.M. for those who are going to June conference.)

A Get-Aquainted Party will be held for those of Mutual age and over, Saturday evening from 7-9:00 P.M. Come and meet those from the East Branches!! Every

Dear Branch Members,

Sorry to have not got this newsletter out sooner, however there has been a small technically existing in the "Jensen" namely the "broken bone" whammy hanging over our heads. Donna fell on the 16th of January and broke her leg in four good places, and on the 11th of February, May our daughter came up with a broken finger. This has slowed the Jensen household down somewhat. The best friend Joe and the kids have had is the little gadget called the "can opener" and Mom's cook books. Donna has had to take it easy and find things to do for the past 6 weeks. The doctor has finally given consent to let her out of the house, so we are back at work. Thank heavens we have only 8 more weeks of caste-living in the Jensen family.

We do, however, want to thank the members who were so considerate with us at this time, especially to those who gave our family Sunday dinner, food and goodies that help when Mom was down, to those ~~who sent~~ families who sent flowers ~~and~~ cards while Donna was in the hospital and at home, to those who were kind enough to come and spend a few ~~hours~~ of their busy day with our Mom to just keep her company and to those who made special to visit with her on the phone when she called them or they called her, and to Sis Jared who got our mom starting to knit in her past time. She has a sweater almost finished now. Also for the prayers in Mom's behalf....

We do appreciate the association we have had this past few months since coming to Nebraska. God grant that you the blessings that you have earned so well!

Startime BYU

One of the fast-paced production numbers from "Startime BYU" appearing in North Platte on Satur-

day under the sponsorship of the Boy Scout organization.

Scouts sponsor collegiate show

"Startime BYU", one of the most acclaimed collegiate talent shows in the country, will be presented by Brigham Young University in North Platte on Saturday.

The cast of 45 collegians will perform at North Platte High School auditorium starting at 7:30 p.m. The program is sponsored by the local Boy Scout organization.

The show has performed throughout several sections of the United States. A "Startime" show has also visited and entertained U. S. servicemen stationed abroad.

The fast-moving program features BYU students in a gala

array of singing and dancing numbers, all colorfully costumed, and featuring talented students from all over the nation.

Robert Hempe, Tri-Trails Council scout executive, predicted "a tremendous show, the best entertainment in North Platte this year."

He said the show was conceived and underwritten by local business and professional men.

The Boy Scouts are selling tickets, which also are available from the Boy Scouts office by phone or at the door on Saturday night.

The money raised will be kept by Scout units to finance cam-

ping gear and trips.

Newspapers around the world have acclaimed the clean wholesome attitude reflected by BYU students in their productions, as well as hailed the excellence of the productions.

Leaders of church, civic and foreign groups have praised the ability of the groups to spread good-will in addition to their performing talents. The Department of State and Department of the Army recently commended the group for boosting the morale of U. S. servicemen and serving as good-will ambassadors for the United States.

1969 February 9

Members of the cast of Star Time 69 stayed in the homes of members of the North Platte Branch. This was a thrilling experience for all.

Pete Henderson, one of the sponsors, stayed with the Romans family. Originally he was from New Zealand and his Testimony was a marvelous thing. We sat around the table in the kitchen both Saturday night and Sunday night talking, listening to the guitars, and eating pizza! Nancy and Susan are tired but can't miss out on any of the conversation.

Kim Cameron, most preferred man on Campus, and with a big part in the show, is helping himself to some grapes. Cynthia Romans is tired but happy---and why not! Not many 13 year old girls get to sit by the Most Preferred Man!

Duane Chase spent Saturday night with the Romans. Ate Pizza right along with the rest. But when morning came he let them know that he still had a side ache. After calling the Doctor, Bro. Romans took him to North Platte and the hospital. By noon that day he had been operated on for Appendicitis. What a blow to

Duane. He had so many parts in the show. And was so great. But, alas, the show must go on, and Duane had to stay in North Platte for the next week. Everyone was good to him. Bro. and Sister Sorensen had him come to their home when he could get out of the hospital and President Moss and family took him to Denver on Saturday where he could watch the performance of the show. But by the time he got to Provo he was ready for the hospital again and spent about a week. At last report he was feeling good.

1969 Star Time 69

One of the great performers on the show was Tony De Pietro. He was a non-member, played the mandolin. When told that he would be staying at the Romans home, a suburb of North Platte, and a distance of 41 miles, he was ready to find a bed on the stage at the School. But it worked out better than he thought and we really enjoyed this young man. He and Harry Schultz performed in the Romans home and had us all thrilled.

Harry Schultz was a real special person and was the Romans' Most Preferred Man-----Very shy at first and reserved he finally let himself go a little and was very special. He seemed to be blessed with many talents. Singing, playing the guitar, trumpet, the bass fiddle and probably more that no one told us about.

The meetings on Sunday were taken over by this group and it was the best thing that had happened to North Platte in a long time. We all felt built up in testimony and in togetherness after this experience. And to have them in our homes, learn to love and respect them, was a great thing.

Tony DePietro has since
been baptized a member
of the Church

Greetings From The White House

Mrs. Mary Kelley, who celebrated her 96th birthday last Sunday, received a card of congratulations from President and Mrs. Richard Nixon and it made her day complete. As yet, however, she doesn't know who sent the President word that she was observing her birthday.

Sister Pursel was baptized a member ~~in~~ the North Platte font on January 25, 1965 by Elder Arthur Tanner and confirmed by Estel Lile. Sister Pursel is a jewel and loved by everyone.

Performer's Stay Unforgettable; Upsets Plague BYU Group

by Sheryl McNeal

North Platte, first stop for the BYU Startime USA Show, will no doubt be long remembered by one performer as he was stranded here for a week while everyone else continued the tour.

After the performance Saturday, Feb. 8, he complained of a severe stomach ache. Not wishing to be a nuisance, he went to his host's home. But not for long!

Early Sunday morning he was taken to St. Mary's hospital with an appendicitis attack.

He remained in the hospital while his friends continued to Omaha. One week later he was

flown to Denver by Dr. Dan Moss, where he rejoined the troupe.

Upsets seemed to shadow the 43 college students from the very start. Before even boarding the bus in Provo, Utah, several members of the group came down with the flu and were unable to make the trip.

Saturday afternoon they arrived at North Platte and during practice one girl dislocated her jaw while singing. After treatment, she performed that evening with her twin sister.

Startime BYU was a variety show featuring "Music for Everyone". The program included folk music, Blue Grass, classical, square dancing, rock, jazz, Broadway hits and novelty numbers.

Rights Return Upon Release

How does a convict vote?

Not at all if he is convicted of a serious enough crime to be committed to a penitentiary. When and if released or paroled, civil rights are restored and their political right, voting, is also reinstated. This information was obtained from Jim, a member of the recent Project Youth panel and one who ought to know for he is confined to the Nebraska State Penitentiary.

Concerning the county jail, one researcher was told that a resident of the county jail would be allowed to vote if the sheriff got the absentee ballots. Further questioning of various individuals turned up the apparent fact that the subject of prisoner suffrage had not come up to anyone's knowledge and no one recalled that a prisoner had ever requested a ballot.

Although loss of voting privileges may not be an actual deterrent to crime, it is one more privilege that is lost for those committing crimes that result in confinement to a prison and an extreme inconvenience to those committing lesser crimes.

THE BULLDOGGER

Hurrying 'Harriers' Hustle

... Or the 5-Minute 4-Minute Mile

By Sheryl McNeal

Late again! That seems to be the cry of despair of students who are unable to make the four minute limit between classes—especially those students who have a third floor mathematics or history class and must literally run to the next period's class, music, science or gym in the annex.

These harried students could make it to class if the halls were cleared. But let's follow an average student as he runs the four-minute mile in, alas, five minutes.

As he proceeds down the hall, his progress is impeded by the general rush to the stairs. In the midst of confusion, the boy in front of you drops his debate box and over one hundred cards go spilling on the steps. To avoid being rude, one must make an effort to help in the rescue.

On the second floor one becomes carried along with the tide and swept slowly down to the first

floor. Getting around the corner is virtually impossible unless you are a tackle on the football team.

The final stretch approaches. Only one more obstacle to meet. That is the small clusters of fellow students who didn't have far to go and stand in the middle of the hall talking. As the bell commences to ring they step into their classrooms.

The hall quickly empties. The coast is clear. Now, when one could walk leisurely you still hurry. The goal is in sight. The door knob greets your touch. You open the door. All eyes are on you as you inch to your row and creep to your desk, the last one in the furthest row.

As you sit down the teacher looks up, sees you panting for breath, sympathizes, and instead of sending you back to your last period class to get an excuse says, "Try a little harder next time."

Teaching Turnabout Is Fair Play Or A Great Student Switcheroo

By SHERYL McNEAL

Have you ever felt hated? Have you ever felt daggers as you walked down a row of students? It's rather a unique situation for most of us but Wednesday, Feb. 19 was my day to experience it.

I was asked to brave the stares, whispering, and note passing. In other words I was asked to teach my English class. When Mrs. Hornbacher asked me to student teach, my first impression was excitement, but it soon gave way to—PANIC!

I asked the help of other teachers, but no one was going to be there standing with me for some fifty minutes. I was alone. It may have been imagined, but I had the feeling the students were just waiting for me to make a mistake. But no one attacked me, and there was no mob violence when I assign-

ed a written essay. Although there were a few groans and upward glances. Some hopefully looked at the clock.

Getting in front of my class was one thing, but that night I had to grade the papers. Only then did I really appreciate and understand what a teacher, any teacher, has to go through. It's hard to grade objectively, without being prejudiced.

Of course it was a valuable experience for me as I plan to teach. Every one should sit in the teacher's place at least once in their life. It's a new world. You look at a classroom situation through different eyes.

I've been branded walking down the halls. I feel like hiding, but of course only laugh, when I'm hailed as "hey, teach."

Do you know what it's like to be the most unpopular girl in school?

Rooster Changes Into a Donkey

Are you a rooster, an elephant, or a donkey? If you proclaim yourself a donkey and are dubious about the rooster, have no fear, the donkey and rooster are one in the same.

If that statement seems confusing, it is easily explained that originally the symbol of the Democratic party was a rooster with one leg resting on an egg. It was discontinued when a joke became a common byword "They've laid an egg."

The donkey was introduced in 1874 by Thomas Nast in a cartoon in *Harper's Weekly*. The elephant made its appearance November 7, 1874 in a cartoon in *Harper's Weekly* also by Thomas Nast. The two symbols have remained through the years.

Verna and Estel Lile

While you were President of the Western States Mission the following good things happened to our family:

1. You interviewed Lowell in October 1967 for his Mission to Brazil--South Mission.
2. David in BYU graduating on the 21st of August 1969, also he was married on May 29, 1969 in the Salt Lake Temple.
3. Clark is happy with his family in Salt Lake City where he works in Zellerback Paper Co.
4. John is signing a contract for his 4th year teaching vocal music in Harlandale High School, San Antonio, Texas.

1968 Charles and Ada McConnell and family

David, Brother McConnell holding Beama, Sister McConnell holding Lane and Mary Ann at the end.

We do want President and Sister Scott to remember the McConnell family.

We live on a Dairy farm 5 miles Northwest of Hershey, Nebr. or 20 miles from North Platte. Since we are the only members in our community we travel to North Platte to attend our church services and help what we can in carrying on the work in the North Platte Branch.

Brother McConnell's time is spent milking 40 to 60 head of holstein cows and farming 140 acres of ground. Sister McConnell's time is spent helping with the Dairy work and in keeping the washing, ironing, mending and home clean for the little McConnells.

Elder Morris McConnell is serving his mission in the South Andes Mission. He has served in Juliara, Peru and is now serving at LaPaz, Bolivia. He writes home that he is enjoying working with the Inca Indians. They have baptized several families and are looking forward to baptizing more soon. His Testimony has grown immensely and he loves doing the Lord's work.

David Bryan is 15 and will be a Sophomore next year. He loves sports. He lettered in football, basketball and track. He played with the varsity in basketball and this was really a challenge to him being a Freshman. Thru the summer he is kept busy helping his Dad with the dairy work and farming. He also has his 4-H heifers that he enjoys working with and showing at the Fair. Last year his Holstein Heifer was Grand Champion of her class.

Mary Ann is 12 and will be a Seventh Grader next year. She is taking music lessons and we hope she will be our musician of the family. She is really a help to her mother with the household duties and a babysitter while the milking is being done.

Lane will soon be 4 and Beama May is 2. They are busy all the time. They help in everything we do especially like to help David feed the baby calves. They have a pet dog Ralph and 5 sand turtles that they spend much time feeding and playing with.

The McConnells'

We will soon be in our new home a year. The family have all worked hard in the building of our home. We still have some work on the basement and yard to do. We want our home to be a place where we can entertain our youth, carry on Primary, room and board for traveling members at Conference time or at anytime that members might need help and an ideal dairy farm in our community. With the help of the Lord we feel we can accomplish these things.

Like all Mission Presidents---we regret to see them go but want to thank them for all the wonderful things they have done for us. We will always remember President Scott as the Mission President to interview Morris for his mission. We also will remember the help received from Elder Kunz and Elder Golder in putting up our ensilage when Brother McConnell was laid up with his knee injury. This help was given us through President Scott.

Again, we want to thank President and Sister Scott for all their wonderful talks, examples of a wonderful family and pray that the Lords choicest blessings will be with them in the future.

1968 Dan and LuJean Moss and family

Bradley, Sister Moss with Blaine, Jan, Michelle, Brother Moss and Clark.

The Moss' would like to express their love and appreciation to the Scotts' for they have truly enjoyed the association of this wonderful family.

We will never forget when we first went to Denver and visited in August 1966, the Mission Home and baby Michelle was tended by Paula and Rhonda while Mom and Dad Moss went out to supper. This was our first acquaintance with these darling two girls. Later on they made several trips to North Platte where they received treatment on straightening their teeth.

It was always wonderful to have the Scotts stay with us. They even slept in the camper on one of their trips to North Platte.

When Sister Moss had just given birth to their baby boy Blaine, in May 1968, the Scotts made a special trip to our home to see the Mother and new baby. They may remember eating home canned fruit and homemade whole wheat bread and honey as a late evening snack.

The morning of May 12, Sister Moss received a call from President Scott requesting to talk with President Moss. She told him to call Vallentine. After a few hours President Scott reached Pres. Moss and asked if he would pick them up in Denver so Pres. Moss flew with President Mullendore to Denver.

From there they flew to Grand Island and landed at 7:00 when the meeting was supposed to start.

One of the biggest treats of all was when the Moss family went to Denver and stayed in the Mission Home. This happened the Memorial Day before the Scotts went back to Utah. Pres. Moss and Pres. Scott enjoyed a game of tennis as had happened several times in the past. Then everyone went to the Park and the game of Volley ball was played and riding paddleboats on the lake. The picnic dinner was delicious and returning to the mission home a darling program by Barbara and Richard was enjoyed by all. Wendy and Farlynn sang to everyone pleasure and also Rhonda and Paula. The program was climaxed with President and Sister Scott singing a duet, one of the songs Sister Scott had written. It was beautiful! The evening ended with a show at Cinerama.

The Mission Home was truly a beautiful place to stay and the Scott family added to the beauty of this home.

Sister Valora Weisgerber's letter to President and Sister Scott.

Dear Brother Scott and Sister Scott,
It seems time has a way of marching on. It's wonderful to have you as our Mission President. I came into the Church on December 18, 1959.

I went to the Temple on December 12, 1969 with Sister Itha Nelson and Dorothy Marler, and Brother Bruce Van Orden went for my husband Fred. Brother Bruce is a Seventy and a good friend of mine in Salt Lake City, Utah.

I pray and hope you two will enjoy the rich things in life and the Heavenly Father go with you.

Love,

Sister Valora Weisgerber
